

Patient Portal

Quick Reference Card – for Participants

What is Patient Portal?

The IQVIA™ Patient Portal is a personalized platform that allows patients to receive information about their participation in a clinical research study.

What are the key components of the platform?

- **Home:** Provides a quick view of your clinical research participation status, list of tasks, and other resources.
- **My Study:** Displays information about the study in which you are taking part, such as:
 - Your study center's details
 - tasks that have been assigned to you or created by you or your delegate
 - Study documents and other resources including articles videos, and relevant links related to the study or the condition being studied
 - a visit guide, when applicable
 - Sharing of medical record, when applicable
- **Help:** Provides access to application help resources for guidance on using the platform
- **Profile ():** Allows you to manage our Account Settings including password and contact information, personal preferences, as well as delegate information, by clicking the drop-down menu next to the icon on the navigation bar.

How do I access the platform?

First-time login:

- You will receive an email inviting you to enroll in the portal.
- After clicking the “Register” link, you will be prompted to set a password, confirm your contact information, and agree to the Terms and Conditions.

Returning users:

- You can log in directly to the Patient Portal site: <https://cp.clinicalresearch.com>.
- Enter the user name and password you created when you set up your account.
- If you have lost or forgotten your password, click the “Forgot your password?” link on the login page to request a Reset Password link.

Questions?

If you *If you have a medical emergency, please contact your local emergency medical services.*
